

ACCESSORIES OF INSULATION

ADHESIVE M3 SUPER77

- ✓ Multipurpose spray adhesive for bonding lightweight materials of various types. Easy to use, provides quick adhesion to workpieces. Can be used to bond paper, fabric, insulation, plastic, metal, wood, and more.

FILAMENT TAPE 1" X 55ML

- ✓ Reinforcing tape with fibers for high strength, resistant to chipping, abrasion, and moisture. Synthetic rubber adhesive bonds easily to surfaces such as plywood, plastic, and most metals without difficulty. Fiberglass fibers enhance strength when sealing boxes, bundling, and other similar applications.
